under the peculiar
Circumstances. In
any case however I trust
he will be examined
as he has paid the fees
that the Examiners
will let me know the
Subjects in which he
passes, his position on
the Certificate and
the Class he ^{would} obtain.
I do not think there can
be any objection to
that.

Dear Sir,
I wish to call the
attention of the Examiners
to a very hard case.
One of my boys in for
the Junior Examination
who had I think a very
fair chance of a First-
Class as he has taken
the "Certificate" papers in
Latin & French - a certain

THE HIGH SCHOOL

PERTH,

WESTERN AUSTRALIA.

Now that I am writing
I may mention that
there were no instructions
on this French paper
but Mr. Cooke told
Candidates for Credit
to take parts II & III.

There are also numerous
Printer's errors in the
Latin paper,
- words wrongly spell-
and stops misplaced

be omitted. This is
rather unfair to Candidates.

One other matter.
When the draft of the new
regulations ~~were~~ submitted
to Headmaster's no
schedule of marks was
sent & I certainly imagined
the old schedule or one
like it would be
adopted. Now find
that Mathematics
carry in the Senior
800 against Latin 400

French 400. & it is the
same in the Junior.

In this way the
University endeavours
to encourage the study
of the dead languages.

Yours truly

P.S. In the Senior English
for "Credit" not a single
question was set on
"Macbeth". This is very
discouraging to boys who
truly work up their subjects.
