Dear Mr. Nodge
Many thanks for
your letter. I think I like
scheme III best.

The work is pretty heavy, isn't it?
However, I will try to get things
and I have no reason to fear a
breakdown. Will you help me a
little by having plenty of candidates
ready for me? One often finishes
a good candidate in less than an
all night time. But one takes longer.
Will you call the centres up at
intervals of 15 minutes, and the schools

at intervals of 10 minutes? It would
save my groping by a quick candidate.
Also, will you please let me have
exact particulars about Mount
Gambier? I know nothing whatever
about the journey. I first in
Brisbane on Nov. 10 at 4-30 P.M.
Please direct me from here. And do
please arrange Mount Gambier work
so that I get to Adelaide, at
whatever cost in labour, on Nov. 13th.

My addresses are as follows:
Oct. 20 to 30, 40 Miss E. Hunter,
"Crombie" from
Short St.
Bundigo.

Are these any candidates for
L. A. B.? And if so, what
subject are they going in for? I am
anxious to know this because the
amount of money I have to carry
about is affected by it.

Yours sincerely

S. P. Waddington
